

ACTIVE TRANSPORTATION PLAN 5-YEAR IMPLEMENTATION PLAN ACTIONS & STRATEGIES

Action Theme	Program/Policy	Implementation Action/Strategy	MTC Role	Partner Agencies	Timeline
Fund/ Deliver	Active Transportation Network	Implement the Active Transportation funding recommendations to complete AT Network gaps	Lead	Other funding agencies	Year 1, ongoing
	Bike Share / Electric Bikes	Analyze and deliver a sustainable public/private partnership model for Bay Wheels, including capital, operating and maintenance.	Lead	Jurisdictions, Operator	Ongoing
		Support the Bikeshare Capital Grant program, which provides grants to help launch bike sharing in counties across the region	Support	Jurisdictions, CTAs, transit agencies	Ongoing
		Support e-bike program coordination and administration including: 1. Potential for delivering regional program (pending funding availability) 2. Secure ebike parking facilities 3. Share information on e-bike and other micromobility funding opportunities, including charging infrastructure	Support	CTAs, CBOs	Years 1-2
	Complete Streets Policy	Monitor and analyze implementation of CS Policy and the CS Checklist across all funding programs and endorsements, particularly OBAG, ATP and RM3. Evaluate regional Complete Streets Policy for modifications or updates.	Lead	Jurisdictions, CTAs, BPACs	Ongoing
	Education and Encouragement	Fund safety, education, and encouragement programs, including Bay Area Bike to Work/Wherever Day, that support increasing people biking, walking and rolling in the community.	Partner	Jurisdictions, CTAs, CBOs, Bike Coalitions, Advocacy Organizations	Ongoing
		Continue to fund the Spare the Air Youth program to enable ongoing coordination of all local Safe Routes to School and youth active transportation programs, especially in Equity Priority Communities	Partner	STAY Technical Advisory Committee, Jurisdictions, CTAs, Caltrans	Ongoing
Delivery	Continue to deliver regional projects such as the Bay Trail, West Span Bay Bridge, and active transportation components of the Forward Commute Initiatives program	Lead	Jurisdictions, CTAs, CBOs, Bike Coalitions, Advocacy Organizations	Ongoing	
Data	AT Network and Complete Streets Policy	Develop and deliver workshops for local jurisdiction staff to implement MTC Complete Streets Policy and AAA design, complete the new Complete Streets Checklist, and advance CBTP-recommended active transportation projects.	Partner	Jurisdictions, CTAs, Advocacy organizations	Ongoing
		Create, launch and manage the Active Transportation Technical Assistance Program with three areas of support: 1. Grant application assistance for grant applications, including the state ATP program. This will include scoping, writing and review 2. AAA design assistance that prepares active transportation projects on the AT Network for construction, including quick build projects 3. Planning and technical support for Bay Trail projects, including design guidelines and toolkit.	Lead	Jurisdictions, CTAs, BATC	Years 1-2
	Safe Routes to School	Provide bi-annual Safe Routes to School technical assistance trainings for providers and jurisdiction staff, including a regional workshop to help implement Safe Routes best practices around the region. Provide coordination support through the regional Spare the Air Youth program Technical Advisory Committee	Partner Partner	Spare the Air Youth Technical Advisory Committee, CTAs	Years 3-5 Ongoing
Data	AT Network	Maintain the AT Network on ArcGIS to help track implemented/planned projects located on the Network.	Lead	Jurisdictions, CTAs, Caltrans	Ongoing
		Add AT Network to Streetsaver so jurisdictions can incorporate AAA improvements when creating paving plans.	Lead		Years 1-2
		Expand factor groups in the region to further evaluate options for developing an automated counter loan or purchase program, or similar type of program, to expedite increasing pedestrian and bicycle count locations regionwide.	Partner	Jurisdictions, Counties, CTAs	Years 3-5
		Track the key 5-Year IP active transportation metrics to monitor and assess 5-year IP implementation progress.	Partner	Jurisdictions, CTAs, Caltrans	Years 1-2
	Complete Streets Policy	Develop web-based CS Checklist form for ease of completion, project tracking and analysis.	Lead	Jurisdictions, CTAs, Caltrans	Years 1-2
Vision Zero	Continue to refine the Bay Area Regional Vision Zero Safety Data System (Bay-VIZ) and share the regional High-Injury Network (HIN).	Partner	Jurisdictions, Counties, CTAs	Ongoing	
Convening	Active Transportation Network: Bay Trail	Manage education, encouragement, and policy efforts related to regional trail development.	Lead	BATC, Jurisdictions, CBOs, Bay Trail Operators	Ongoing
		Convene partners for the development for the Bay Trail Strategic Plan and Gap Closure Implementation Plan	Lead		Years 1-2
		Convene partners to establish pedestrian and bicycle wayfinding guidelines as part of MTC's Mapping and Wayfinding Project.	Lead	Transit Agencies, Jurisdictions, CTAs	Years 1-2
	Bike Share / Electric Bikes	Coordinate Bay Wheels e-bike expansion, the station electrification pilot, low-income membership and station siting. Support the adaptive bikeshare pilot program to allow people with differing abilities to ride bike share.	Partner	Jurisdictions, CTAs	Years 1-2
		Explore Bay Wheels expansion outside of current operating footprint. Convene and/or share model policies to promote safe and equitable deployment of micromobility	Partner Partner	Jurisdictions, Advocacy Organizations Jurisdictions, CBOs, Advocacy Organizations	Ongoing Years 3-5

Acronym Key
 Active Transportation: AT
