Metropolitan Transportation Commission
Programming and Allocations Committee

November 4, 2026 **Agenda Item 2b-26-2064**

MTC Resolution Nos. 4740, Revised, 4505, Revised, and 4540, Revised.

Subject:
Various revisions to the One Bay Area Grant Program (OBAG 3 and OBAG 4) and Carbon Reduction Program (CRP), including advanced programming for Safe Routes to School (SRTS) programs in Sonoma County and shifting previously approved advanced programming from OBAG 3 into OBAG 4 for SRTS programs in Alameda and San Mateo Counties.

Background:
The OBAG 4, OBAG 3, and CRP programs establish the policy and programming framework for federal Surface Transportation Block Grant Program (STP), Congestion Mitigation and Air Quality Improvement program (CMAQ), and Carbon Reduction Program (CRP) funds for federal fiscal year (FY) 2023 through FY 2030.

This month, staff recommend the following revisions to the OBAG 4, OBAG 3, and CRP programs, as described below.

OBAG 4 County Program Advances
Prior to the adoption of the OBAG 4 framework, several counties identified a need to maintain continuity of ongoing Safe Routes to School (SRTS) programs pending completion of the OBAG 4 County Program project selection process. Because County Program awards are not anticipated to be finalized until early 2027, Alameda, San Mateo, and Sonoma counties faced potential interruptions to existing SRTS services absent an interim funding strategy.

In October 2025, the Commission approved advanced programming actions committing $4.2 million in anticipated OBAG 4 County Program funds for SRTS programs in Alameda and San Mateo Counties. To make those funds available before the adoption of the OBAG 4 framework, a temporary programming placeholder for $4.2 million was added to OBAG 3, allowing the County Transportation Authorities (CTAs) to continue ongoing SRTS programs while the development of the OBAG 4 program framework was underway.

With the adoption of the OBAG 4 framework earlier this year, staff now recommend formally programming these previously committed funds within the OBAG 4 County Program and removing the corresponding placeholder from OBAG 3.

Staff recommend a similar advanced programming action of $2 million in OBAG 4 County Program funds for the Sonoma County Transportation and Climate Authority (SCTCA) to continue its existing SRTS programs pending completion of the broader County Program project selection process.

Collectively, these actions ensure continuity of priority safety programs in Alameda, San Mateo, and Sonoma counites while the remaining OBAG 4 County Program is still being developed. Recommendations for the balance of available OBAG 4 County Program funds are expected to be considered by the Commission in early 2027.

OBAG 3 County and Regional Program Revisions

El Camino Real Complete Street: Staff recommend redirecting $4.6 million in County Program funds from construction of Segment B of Colma's El Camino Real Complete Street project (Mission Rd to South San Francisco) to the design phase for Segments A and B, as part of a local delivery strategy to complete all three project segments using multiple fund sources.

This proposed action is contingent upon San Mateo County Transportation Authority (SMCTA) committing $4.6 million in SMCTA funds to the construction of Segment B and the City/County Association of Governments of San Mateo County (C/CAG) Board taking action to affirm this requested redirection of OBAG 3 funds between El Camino Real project segments as part of a fund exchange to deliver the originally nominated Segment B. SMCTA approved this local funding commitment on October 1, 2026, and C/CAG is scheduled to consider this request on November 12, 2026.

Wooden Bridge Replacement Feasibility Study: Staff recommend updating the sponsor for the Wooden Bridge Replacement Feasibility Study from the City of Oakland to Alameda County.

CRP Program Revisions

In 2023, MTC conducted a competitive call for projects through its Transit Station Public Charging Program. The Commission awarded $10 million in CRP funds to transit operators in February 2024 for electrification and public charging infrastructure investments at transit stations.

This month, staff recommend revising the CRP award for WETA's electrification project from "Richmond Ferry Terminal EV Charging Infrastructure" to "Electric Vessels and Related Infrastructure (for: Ferry Terminal EV Charging Infrastructure)" as part of an internal fund exchange and project delivery strategy. Due to implementation challenges at the Richmond site, WETA has requested two modifications to their original scope: (1) relocating the project from the Richmond site to the Harbor Bay Ferry Terminal and (2) delivering a portion of the revised project scope with local funds as part of a fund exchange to address issues associated with federal project delivery. This revised programming approach maintains the benefits of the original award while providing WETA additional flexibility to advance priority electrification investments.

This proposed action is contingent upon a WETA board action, scheduled for November 12, 2026, committing $3.8 million in local funding to deliver vehicle charging infrastructure at the Harbor Bay Ferry Terminal.

Issues:

None.

ABSTRACT

Resolution No. 4740, Revised

Adoption of the project selection and programming policies for the fourth round of the One Bay Area Grant program (OBAG 4). This resolution supersedes MTC Resolution No. 4678.

The OBAG 4 project selection and programming policies outline the project categories that are to be funded with various fund sources, including federal funding assigned to MTC for programming, to implement the Regional Transportation Plan (*Plan Bay Area 2050+*) and to be included in the federal Transportation Improvement Program (TIP) for the OBAG 4 funding delivery period.

The resolution includes the following attachments:

Attachment A – OBAG 4 Project Selection and Programming Policies
Attachment B – OBAG 4 Project Lists

With the adoption of the project selection and programming policies, Attachments B-1 and B-3 program $101,164,422 in Transit Operations Program funds to various projects as previously programmed under MTC Resolution No. 4678, $45,000,000 in Regional Program funds for a Transit-Oriented Communities (TOC) Set-Aside program, and $5,000,000 in Regional Program funds for a North Bay Augmentation.

On February 25, 2026, Attachments A, B-1, and B-2 were revised to incorporate additional policies, program $41,000,000 in County Program funds to MTC for base planning and implementation activities by various County Transportation Agencies (CTAs), and program $40,000,000 in Regional Program funds to MTC for planning and implementation activities.

On October 28, 2026, Attachment B-1 was revised to reflect the approval of the OBAG 4 Regional Program, including refined program categories and funding amounts, and to change the fund source from STP/CMAQ to MTC Exchange for $400,000 of funding previously programmed to the CARE Participatory Budgeting and Implementation (PBI) program.

On November 18, 2026, Attachment B-2 was revised to program $6,2000,000 in the County Program for Safe Routes to Schools Non-Infrastructure (SRTS NI) programs in Alameda County ($3,500,000), San Mateo County ($700,000), and Sonoma County ($2,000,000).

Further discussion of the project selection and programming policy is contained in memorandums to the Metropolitan Transportation Commission dated January 28, 2026 and the Programming and Allocations Committee dated February 11, 2026, October 14, 2026, and November 4, 2026.

ABSTRACT

Resolution No. 4540, Revised

This resolution establishes the project selection and programming policies for the federal Carbon Reduction Program (CRP) assigned to MTC for programming through the Infrastructure Investment and Jobs Act (IIJA)/Bipartisan Infrastructure Law (BIL). In coordination with the One Bay Area Grant (OBAG 3) program (MTC Resolution No. 4505, Revised), this resolution directs CRP funds to advance the carbon reduction strategies identified in *Plan Bay Area 2050.*

The resolution includes the following attachments:

Attachment B – CRP Project List

With the adoption of the project selection and programming policies, Attachment B programs $40,000,000 to MTC for Electric Vehicles and Infrastructure program and $20,000,000 to MTC for the Mobility Hubs program.

On May 24, 2023, Attachment B was revised to reprogram $10,000,000 from MTC's Electric Vehicles and Infrastructure program to MTC's Mobility Hubs program.

On June 28, 2023, Attachment B was revised to program $10,089,000 in Mobility Hubs funds to various projects.

On February 28, 2024, Attachment B was revised to further define the Electric Vehicles and Infrastructure category to include $20,000,000 for Charging Infrastructure: Regional Technical Assistance Program, remove $9,300,000 in Climate Initiatives funds from the Mobility Hubs Capital Grants unprogrammed balance, program $9,300,000 to Alameda County's Meekland Ave Corridor Improvement, Phase II project, and program $10,000,000 in Electric Vehicles and Infrastructure funds to various Transit Station Public Charging Program projects.

On March 26, 2025, Attachment B was revised to program $20,250,000 in Charging Infrastructure Technical Assistance funds to various projects and program $10,360,000 in Mobility Hubs funds to various projects.

On October 22, 2025, Attachment B was revised to program $8,302,000 to MTC's West Oakland Link project and $1,859,000 to San Leandro's Levelling Boulevard Class IV Bikeways project.

On September 23, 2026, Attachment B was revised to reprogram $250,000 from the Solano 360 Mobility Hub project to the EV Charging at BART Stations project.

On November 18, 2026, Attachment B was revised to rename WETA's previously awarded "Richmond Ferry Terminal Charging Infrastructure" project to "Electric Vessels and Related Infrastructure (for: Ferry Terminal EV Charging Infrastructure)" to reflect a local fund exchange and revised scope.

Further discussion of the project selection criteria and programming policy is contained in memorandums to the Programming and Allocations Committee dated October 12, 2022 and May 10, 2023; the Planning Committee dated June 9, 2023; and the Programming and Allocations Committee dated June 14, 2023, February 14, 2024, March 12, 2025, October 8, 2025, September 9, 2026, and November 4, 2026.

MTC Resolution Nos. 4771, Revised; 4772, Revised; and 4802

Subject:

The proposed action allocates $91.3 million in FY2026-27 Transportation Development Act (TDA), State Transit Assistance (STA), and State Transit Assistance State of Good Repair (STA-SGR) funds to 22 transit operators and MTC to support transit operations and capital projects in the region.

Background:

Allocation of FY2026-27 TDA and STA Funds

This month's proposed actions continue the annual allocation process for FY2026-27 TDA and STA funds. Various transit operators that received FY2026-27 allocations in previous months have requested additional STA amounts, consistent with increased programming approved by the Commission last month via the FY2026-27 MTC Fund Estimate (MTC Resolution No. 4742, Revised). In addition, the City of Vacaville has requested TDA allocations for this year, consistent with the Fund Estimate as revised. Of these, seven entities are requesting allocations this month that exceed the $1 million Delegated Authority limit. Allocation requests that are less than $1 million are approved separately through the Executive Director's Delegated Authority process.

The proposed allocations are summarized in the following table:

Allocation Amounts by Entity[1]

Entity	**TDA** (Res. 4771)	**STA** (Res. 4772)	**Grand Total**
BART		$5.0	$5.0
CCCTA		$2.2	$2.2
ECCTA		$1.4	$1.4
GGBHTD		$9.4	$9.4
SMART		$1.2	$1.2
Vacaville	$7.5		$7.5
VTA		$13.7	$13.7
Total	**$7.5**	**$32.9**	**$40.4**

Dollars in millions, note that amounts may not sum due to rounding

[1] Includes allocations to be approved in the resolutions listed above, the details of which are provided in Attachment A, including allocations for transit capital or planning and administration. Not inclusive of allocations approved by Executive Director's Delegated Authority as allowed by MTC Resolution No. 3620, Revised

These funds comprise a significant share of the revenue for agencies' operating budgets. Information regarding Vacaville's FY2026-27 transit operating budget and current and future operations is provided in Attachment A. Comparable information for the remaining operators was provided with their initial allocation recommendations to this Committee in June (CCCTA, ECCTA, and VTA), August (BART), September (GGBHTD), and October (SMART).

Allocation of FY2026-27 STA-SGR Funds

The Road Repair and Accountability Act of 2017, Senate Bill (SB) 1 (Chapter 5, Statutes of 2017), created the State of Good Repair Account within the State Transit Assistance Program. The State Controller's Office (SCO) provides an estimate of funding available by operator in accordance with PUC Section 99314 (Revenue-based share) and to the MTC region in accordance with PUC Section 99313 (Population-based share). The FY2026-27 MTC Fund Estimate (MTC Resolution No. 4742, Revised) includes $37.2 million in STA-SGR revenue-based funds and $13.6 million in population-based funds.

The Commission approved the FY2026-27 STA-SGR project list in August 2026, which staff submitted for Caltrans' review through the CalSMART grant system. This month, staff propose to allocate the full $50.9 million in STA-SGR funds to these projects as required by statute.

Funding recipients are responsible for working directly with Caltrans to deliver their projects and meet the program guidelines. Funds will be allocated to a variety of projects to improve the state of good repair of the Bay Area's transit systems – see MTC Resolution No. 4802, Attachment A for the complete list of projects and allocations.

Most operators will use their revenue-based funds for state of good repair projects related to equipment or facilities, to provide local match for projects funded with other state or federal funds, or for the rehabilitation or purchase of public transit vehicles. In accordance with the STA-SGR population-based funding priorities set forth in MTC Resolution No. 4321, staff propose to allocate $10.6 million to MTC to assist in the delivery of the Next Generation Clipper® system and $3.0 million to the Water Emergency Transportation Authority to support charging infrastructure at the Treasure Island Ferry Terminal.

Attachment A – Transit Operator Budget Summary

Vacaville City Coach

FY2026-27 Operating Budget	$5.7 million
FY2025-26 Operating Budget	$5.0 million
Increase in Budget compared to FY2025-26	14%
Projected Ridership (Estimated FY2026-27 as a percentage of FY2018-19 actual)	56%
Total Proposed FY2026-27 Operating Allocation[1]	$3.6 million
Proportion of Operating Budget Funded with Allocations	63%

Budget and Operating Highlights

Vacaville City Coach operates a hub-and-spoke system of five fixed routes centered at the Vacaville Transportation Center, which is connected to a second transit facility called the Downtown Transit Plaza. Three routes offer all day service, while the other two operate only during peak periods. Solano Express buses stop at the Vacaville Transportation Center, allowing for smooth transfers between the services. In addition to fixed route service, Vacaville City Coach operates paratransit service and an on-demand service called City Coach Direct, which serves the entire city limits of Vacaville.

Vacaville City Coach's FY2026-27 operating budget is 14% higher than the previous year as a result of a combination of factors, including an increase in service, rising costs for labor, benefits, fuel, utilities, insurance, and additional costs expected from the transition to electric buses. The Transit Electrification Infrastructure Project reached completion in 2026, equipping City Coach with the capacity to charge its entire fleet of 10 electric buses efficiently. The Transit

[1]Includes allocations made through Executive Director's Delegated Authority as allowed by MTC Resolution No. 3620, Revised. Any allocations made by Delegated Authority will be reported as part of the quarterly Delegated Authority update to the Commission. Excludes allocations made for transit capital or planning and administration purposes

Building Expansion was also finalized this year, consolidating all transit staff into a single centralized location. Ongoing capital projects include a bus purchase to replace 10 CNG buses that have exceeded their useful life expectancy and a storm drain repair project in the bus yard.

ALLOCATION OF FISCAL YEAR 2026-27 STATE TRANSIT ASSISTANCE FUNDS TO CLAIMANTS IN THE MTC REGION

FINDINGS

The following findings pertain, as the case may be, to claimants to which State Transit Assistance (STA) funds are allocated under this resolution.

1. That each claimant has submitted, or shall have submitted prior to the disbursement of funds, copies, to MTC and to appropriate agencies, of all required State Controller's reports and fiscal audit reports prepared in accordance with PUC §§ 99243 and 99245; and

2. That the projects and purposes for which each claimant has submitted an application for STA funds to MTC are in conformance with MTC's Regional Transportation Plan (21 Cal. Code of Regs. § 6651), and with the applicable state regulations (21 Cal. Code of Regs. § 6600 et seq.), and with the applicable MTC rules and regulations; and

3. That each claimant has submitted to MTC as part of its application for TDA Article 4 funds a budget indicating compliance with the 50% expenditure limitation of PUC § 99268, or with the applicable fare or fares-plus-local-support recovery ratio requirement (PUC §§ 99268.2, 99268.3, 99268.4, 99268.12, or 99270.5), or with the applicable fare or fares-plus-local-match recovery ratio requirement (as set forth, respectively, in PUC §§ 99268.5, 99268.12, or MTC Resolution No. l209, Revised), as so attested to by the claimant's chief financial officer; and

4. That each claimant is making full use of federal funds available under the Fixing America's Surface Transportation (FAST) Act, as amended; and

5. That the sum of each claimant's allocation of Transportation Development Act and State Transit Assistance funds does not exceed the amount the claimant is eligible to receive, in accordance with the calculations prescribed by 21 Cal. Code of Regs. § 6633.1 or § 6634; and

6. That MTC has given priority consideration to claims to offset reductions in federal operating assistance and the unanticipated increase in the cost of fuel, to enhance existing public transportation services, and to meet high priority regional, countywide, or area wide public transportation needs; and

7. That each claimant has submitted to MTC a copy of a certification from the California Highway Patrol verifying that the claimant is in compliance with Section 1808.1 of the Vehicle Code ("Pull Notice Program"), as required by PUC § 99251; and

8. That each claimant is in compliance with MTC's Transit Coordination Implementation Plan, pursuant to Government Code §§ 66516 and 66516.5, PUC §§ 99314.5(c) and §99314.7, and MTC Resolution No. 3866, Revised.

November 4, 2026 **Agenda Item 3a-26-2262**

MTC Resolution Nos. 4586, Revised, and 4613, Revised. Allocation of $188.5 million in Regional Measure 3 (RM3) capital funds to Alameda-Contra Costa Transit District (AC Transit) and Contra Costa Transportation Authority (CCTA).

Subject:

Allocation of $188.5 million in RM3 capital funds to two projects:

- RM3 Project 12.3, Macdonald Avenue and Cutting Boulevard Transit Improvements - $3 million to AC Transit;
- RM3 Project 19.1, I-680/SR-4 Interchange Improvements - $185.5 million to CCTA.

Background:

Regional Measure 3

Bay Area voters approved Regional Measure 3 (RM3) on June 5, 2018, and on December 19, 2018, the Bay Area Toll Authority (BATA) adopted a toll schedule phasing in the resulting toll increase. As of January 1, 2025, BATA has implemented the full three-dollar RM3 toll. MTC Resolution No. 4404, Revised, establishes policies and procedures to guide the delivery of capital projects funded by RM3. The overall RM3 capital expenditure program in statute is listed in Attachment A, including Commission-programmed subprojects, Letters of No Prejudice (LONPs), and allocations. Through October 2026, a total of nearly $2.34 billion in RM3 Capital Program allocations have been approved by the Commission and via Delegated Authority.

November RM3 Recommendations:

Staff recommends approval of $188.5 million in RM3 funds for two projects. The table below shows the recommended projects for this month's actions; summaries of each request are included in Attachment B, and further details are provided in each allocation resolution.

Project Sponsor	RM3 Project No.	MTC Resolution No.	Project Title	Requested Project Phase	Amount ($millions)
AC Transit	12.3	4613, Revised	Macdonald Avenue and Cutting Boulevard Transit Improvements	CON	$3.0
CCTA	19.1	4586, Revised	I-680/SR-4 Interchange Improvements	CON	$185.5
				Allocation Total	**$188.5**

Regional Compliance:

The Macdonald Avenue and Cutting Boulevard Transit Improvements Project are subject to the Complete Streets Policy and Transit Priority Policy for Roadways under MTC Resolutions 4493 and 4739. AC Transit submitted the required checklists, and the project complies with applicable policy requirements.

Issues:

None.

Recommendations:

Refer MTC Resolution Nos. 4586, Revised; and 4613, Revised to the Commission for approval.

November 2026 Recommended RM3 Allocations – Project Summaries

Project 12 – Macdonald Avenue and Cutting Boulevard Transit Improvements ($3 million)

RM3 Project 12, AC Transit Rapid Bus Corridor Improvements, funds bus purchases and capital improvements to reduce travel times and increase service frequency along key corridors. The project sponsors for this category are AC Transit and the Alameda County Transportation Commission (ACTC).

This subproject (RM3 Project #12.3) will improve AC Transit bus operations, safety, accessibility, service reliability, and the customer experience along the Macdonald Avenue and Cutting Boulevard corridors in Richmond. Improvements include transit signal priority, queue jumps, bus stop relocations, curb extensions, sidewalk repairs, repainting of faded curbs, installation of bus shelters, new or upgraded ADA-compliant curb ramps, and other pedestrian and transit stop improvements. The subproject will also strengthen connections between local and regional transit services, and improve access to two major transit hubs throughout western Contra Costa County:

- **Macdonald Avenue (Richmond Parkway to west of San Pablo Avenue):** Improvements will enhance access to Richmond Station, a major regional transit hub served by BART, Amtrak and AC Transit.
- **Cutting Boulevard - Local (Harbor Way South to San Pablo Avenue):** Accessibility, pedestrian, and bus stop improvements at AC Transit-only stops, with an estimated cost of $2.5 million. This segment will improve access to El Cerrito del Norte BART Station, a major regional transit hub served by BART, AC Transit, Golden Gate Transit, WestCAT, SolTrans, and Napa VINE.

AC Transit requests an allocation of $3 million for the construction phase of Macdonald Avenue and Cutting Boulevard “Local” Transit Improvements, with construction anticipated to be completed in 2028 and have an estimated total cost of **$8.57 million**. As noted in this item’s summary sheet, the allocation is conditioned on approval by the Alameda County Transportation Commission in its capacity as a project co-sponsor.

Funding Leverage and Corridor Investment

The Cutting Boulevard Local improvements complement the **Cutting Boulevard Regional (RM3 Project #25.3, Cutting Boulevard Transit Improvements Project)**, which includes transit priority and bus stop improvements at stops shared by AC Transit and Golden Gate Transit, improving transit reliability and regional connectivity between Contra Costa and Marin counties via the Richmond-San Rafael Bridge corridor. In October, MTC approved an allocation of **$5.25 million in RM3 funds** for Project #25.3.

Together, the Macdonald Avenue, Cutting Boulevard Local, and Cutting Boulevard Regional improvements represent approximately **$15 million in coordinated corridor investments**, including **$9 million in RM3 funding** and about **$4 million in other MTC-managed funds**. The recommended RM3 allocation for Project# 12.3 leverages significant existing transportation investments, including One Bay Area Grant (OBAG) and Low Carbon Transit Operations Program (LCTOP) funds distributed via MTC's Transit Performance Initiative (TPI) program, State Affordable Housing and Sustainable Communities (AHSC) grant funds, Contra Costa Transportation Authority Measure J funds, and AC Transit local funds.

All three components will be delivered under a single third-party construction contract, maximizing the benefits of federal, state, regional, and local transportation investments.

RM3 Project #19.1 – Contra Costa I-680/SR-4 Interchange Improvements ($185.5 million)

The Contra Costa Transportation Authority (CCTA) is the project sponsor for RM3 Project 19, Interstate 680/State Route 4 Interchange Improvements. RM3 provides $210 million in toll funds for improvements to the I-680/SR-4 Interchange to improve safety and reduce congestion, including, but not limited to, a new direct connector between northbound I-680 and westbound SR-4, a new direct connector between eastbound SR4 and southbound I-680, and widening of SR-4 to add auxiliary lanes and high occupancy vehicles lanes. In February 2021, MTC approved and issued an $8 million LONP for the final design of the Interstate 680/State Route 4 Interchange Improvements.

Since the last allocation, CCTA completed the right-of-way phase and is ready to start construction of phases 2a and 4. Right-of-way work is still ongoing for phase 3, which CCTA anticipates being complete in 2027. MTC has allocated $24 million in RM3 funds for Project 19.1, Interstate 680/ State Route 4 (I-680/SR-4) Interchange Improvements, and CCTA now requests $185.5 million in RM3 funds for the construction capital phase. This allocation will fully utilize the programmed amount for the project, and CCTA anticipates construction will be completed in December 2030.

The project will also strengthen connections between local and regional transit services and improve access to major transit hubs serving Contra Costa County and the broader Bay Area. Project improvements include the following corridors:

- Macdonald Avenue (Richmond Parkway to west of San Pablo Ave.): Improvements will strengthen connections to Richmond Station, which serves BART, Amtrak Capitol Corridor, and AC Transit.
- Cutting Boulevard "Local" (Harbor Way South to San Pablo Ave.): Improvements will enhance access to El Cerrito del Norte BART Station and regional transit connections. These improvements complement RM3 Project 25.3, Cutting Boulevard Transit Improvements (Cutting Blvd "Regional"), which includes similar transit priority and bus stop improvements at stops shared by AC Transit and Golden Gate Transit, improving regional transit connectivity between Contra Costa and Marin counties via the Richmond-San Rafael Bridge corridor. The Cutting Boulevard Transit Improvements project has received $6 million in RM3 funds to date.

These improvements will be delivered under a single third-party construction contract, advancing a coordinated package of local and regional transit improvements in Richmond.

California Transportation Commission (CTC) and State Funding Programs Update

Subject:

Update on California Transportation Commission (CTC) and state funding programs under the CTC's purview.

Background:

The California Transportation Commission (CTC) is responsible for programming and allocating certain state and federal transportation funds for the planning and implementation of highway, passenger rail, non-motorized facilities, and transit improvements throughout California. Among other transportation funding programs, the CTC approves programming and allocations for the State Transportation Improvement Program (STIP); State Highway Operations and Protection Program (SHOPP); State Active Transportation Program (ATP) and various Senate Bill 1 (SB1) programs including Solutions for Congested Corridors Program (SCCP); Trade Corridor Enhancement Program (TCEP) and the Local Partnership Program (LPP). The CTC allocates funds for projects in the Transit and Intercity Rail Capital Program (TIRCP), following project selection by the California State Transportation Agency (CalSTA).

The CTC consists of eleven voting members and two non-voting ex-officio members. The San Francisco Bay Area has three (3) CTC members residing in its geographic area: Jay Bradshaw (Executive Secretary-Treasurer, Northern California Carpenters Regional Council), Immediate Past Chair Darnell Grisby, and Carl Guardino (Vice President of Government Affairs, Tarana Wireless).

October CTC Meeting (October 15-16, Hanford (Kings County), CA)

The CTC met and discussed the following items of regional significance.

Draft Toll Facility Application Guidelines

The CTC received an information item outlining updates to the CTC's process and standards for reviewing toll facility applications submitted by regional transportation agencies and Caltrans. The guidelines had not been updated since 2016. MTC's operations team has participated in the guideline update workshops and have provided comments for CTC's consideration. The

guidelines impact important regional projects, including expansion of the Bay Area Express Lanes network. The CTC will consider adopting the final guidelines in December.

Allocations, Extensions, and Amendments.

The CTC approved the following:

Allocations. For construction phase allocations, CTC provides a six-month deadline to award a construction contract.

- Funding allocation for one jointly-funded LPP, SCC, and TIRCP project sponsored by SMART.
- Funding allocations for two TIRCP projects sponsored by SMART and Petaluma.

Extensions.

- One project completion extension for one TIRCP project sponsored by BART.
- One project completion extension for a jointly-funded LPP and STIP project in Sonoma County.

Amendments.

MTC staff continue to work with project sponsors of all the CTC-managed programs to ensure meeting CTC delivery deadlines and requirements.
